Safety Data Sheet

Maroquin Leather Balm (Item no. 3867-001)

1 Product Identifier

Maroquin leather balm

- | | | |
|-----|--------------------------|---|
| 1.1 | Chemical characteristics | Anionic leather grease on sythetic basis – contains sorbite (polyalcohol, hexavalent) and good cleaning effect. Aqueous emulsion. |
| 1.2 | Form: | fluid |
| 1.3 | Colour: | milky |
| 1.4 | Odour: | soapy |

2 Physical and safety-related indications

- | | | |
|------|---------------------------------|-----------------------------------|
| 2.1 | Zustandsänderung: | Boiling temperature approx. 100°C |
| 2.2 | Density: | ./. |
| | Bulk density: | ./. |
| 2.3 | Vapour pressure: | ./. |
| 2.4 | Viscosity: | aqueous |
| 2.5 | Water solubility: | ./. |
| 2.6 | pH value: | 6.5 – 7 |
| 2.7 | Flash point: | ./. |
| 2.8 | Ignition point: | ./. |
| 2.9 | Explosion limit: | ./. |
| 2.10 | Thermic degradation: | non in case of intended use |
| 2.11 | Hazardous degerdation products: | none |
| 2.12 | Hazardous reactions: | none |
| 2.13 | Further indications | ./. |

3 Transport

Other indications: Non-hazardous good

4 Regulations

Non-hazardous substance according to the Chemicals Act and the Ordinance on Hazardous Materials
No hazard classification according to the VbF.
No MAK and/or TRK value set.

5 Precautions, storage and handling

- | | | |
|-----|---------------------------------|---------------------------------|
| 5.1 | Technical precautions: | Storage at room temperature |
| 5.2 | Personal protective equipment: | ./. |
| 5.3 | General hygiene: | no special precautions required |
| 5.4 | Fire and explosion preventions: | none |
| 5.5 | Disposal: | non hazards for wastewater |

6 First aid measures

- 6.1 Spilling / Leak / Gas leak: Rinse well with water – slip hazard
6.2 Extinguishing agent: ./.
6.3 Eye contact: Rinse well with water
6.4 Further indications: ./.

7 Toxicological information

No toxic effects known

8 Ecological information

Harmless to environment

9 Other information

Maroquin leather balm is well tolerable to the skin.
