MEDIUM	•	10 discs	7831 72
COARSE	•	10 discs	7851 72
RUST-FREE	•	20 discs	1025 20

„Guaranteed Premium Quality“ is the principle to which we are committed. This includes the uncompromising use of high-quality steel wool wire and processing on modern steel wool machines using first-class precision tools. This has made TROLLULL the undisputed No. 1 steel wool in Great Britain, where TROLLULL is doing business for almost 40 years.

**TROLLULL steel wool is made of special, very high grade quality steel. It has an excellent purity, high breaking strain and is extremely elastic:**

**Reliable grading**  
Guaranteed quality assurance in grade selection.

**Elasticity**  
Guaranteed durability for working in awkward areas.

**High breaking strain**  
Guaranteed for frequent use.

**Ecological**  
Guaranteed for ecological manufacturing processes.

**The Scale of Hardness indicates in which areas TROLLULL steel wool grinds gently, smooths softly and cleans without scratching:**

Grade of Hardness (as per Mohs)	Materials	Surface selected	Scale of Hardness
10 ▲	DIAMOND SANDING PAPER SANDING FLEECE SPONGE SCOURERS	Earthenware Ceramic glass  Porcelain	<div style="border: 1px solid black; padding: 5px; text-align: center;">TROLLULL steel wool cleans and processes these surfaces without scratching</div> <div style="border: 1px solid black; padding: 5px; text-align: center; margin-top: 20px;">These surfaces can be smoothed and burnished with steel wool</div>
9 ▲			
8 ▲			
7 ▲	GLASS PAPER	Window panes Enamel Hard metals Hard synthetics

**The application possibilities and the materials for which steel wool is used are explained on every package by examples corresponding to every single grade:**

**FINE**      **0000**  
**000**  
**00**

**MEDIUM**      **0**  
**1**  
**2**

**COARSE**      **3**  
**4**  
**5**

Pick up the right product immediately – our colour coding system makes it quite simple to find the TROLLULL grade that you want: **Yellow** indicates the finest steel wool grades 0000, 000, 00. **Orange** stands for the grades 0, 1, 2 and **red** for the coarser grades 3, 4 and 5. Ask for even more special grades.

**Packaging must be informative. Every TROLLULL package therefore carries easily comprehensible instructions for use:**

**And of course every TROLLULL package carries the GREEN POINT, the actual net weight and the GTiN coding:**

The Green Point

Actual net weight

GTiN coding
