

## 26160 XSL Glaze Orange

### Product Information

|                     |                                      |
|---------------------|--------------------------------------|
| Delivery form:      | Granules                             |
| Chemical structure: | Iron oxide hydrate, semi-transparent |
| Color Index:        | Pigment Yellow 42, C.I. 77492        |

### Specification

|                         |           |
|-------------------------|-----------|
| Color hue dH*:          | ± 0.7     |
| Chroma dC*:             | ± 0.7     |
| dE*:                    | ≤ 1.0     |
| dL*:                    | ± 0.5     |
| da*, db*:               | ± 0.7     |
| Tinting equivalent FAE: | 100 ± 5 % |

### Physical Data

|                     |                       |
|---------------------|-----------------------|
| pH-Value:           | 8 - 10                |
| Bulk density (20°C) | 750 kg/m <sup>3</sup> |
| Pigmentation level: | 80 %                  |

### Fastness to Weathering

|            |   |
|------------|---|
| Pure shade | 5 |
|------------|---|

### Transport and storage

Protect against weathering. Store in a dry place and avoid extreme fluctuations in temperature. Special conditions for opened packaging: Close bags after use to prevent the absorption of moisture and contamination.

### Safety:

The product is not classified as dangerous under the relevant EC Directives and corresponding national regulations valid in the individual EU member states. It is not dangerous according to transport regulations. In countries outside the EU, compliance with the respective national legislation concerning the classification, packaging, labelling and transport of dangerous substances must be ensured. The information contained in the safety data sheet must be observed. This contains information on handling, product safety and ecology.
